

Groww pulse - Product Team Report

Weekly Insights Report

- Top 3 Themes:

1. Double SIP Deductions: Autopay mandates deducting SIP amounts twice in a single month without user authorization (159 reports).
2. Pending Fund Withdrawals: Withdrawal requests remaining stuck for 5+ days, blocking user liquidity and capital access (158 reports).
3. Failed Investment Processing & Held Funds: Bank accounts debited for investments that remain in failed or pending status for 48+ hours (280 reports).

- Real User Quotes:

1. "SIP amount deducted twice this month. Double deduction happened without any reason. User [EMAIL REDACTED] ticket unresolved."
2. "Withdrawal pending for 5 days. Urgently need money but no response from support team or phone [PHONE REDACTED]."
3. "Money deducted from bank but investment not done. Transaction shows failed status. Contacted [EMAIL REDACTED]."

- Action Ideas:

- Product/Growth: Implement automated mandate deduplication guardrails in payment services to prevent double SIP debits.
- Support: Deploy a priority escalation queue and automated status tracking for withdrawal tickets open over 48 hours.
- Leadership: Partner with banking gateway providers to streamline instant refund webhooks for failed payment settlements.
